FACTORY TO THE WORLD

Try finding a coffee maker, an iPod, or birthday candles not made in China, and you'll see the results of what American manufacturers call the "China price": Goods can be made so cheaply in China that it's cornered the market on many products. For Americans, the flip side of lost factory jobs is an abundance of good deals at Wal-Mart. And despite scares over lead-laced Barbies and tainted pet food, the goods keep on coming, making China's Guangdong Province the world's manufacturing mecca. For every shipping container bringing materials into Guangdong's port, nine go out filled with exports.

Percent of the world's umbrellas made in China: 70

Percent of the world's buttons made in China: 60

Percent of U.S. shoes made in China: 72

Percent of U.S. kitchen appliances made in China: 50

Percent of U.S. artificial Christmas trees made in China: 85

Percent of U.S. toys made in China: 80

Percent of Chinese goods sent to the U.S. that end up on Wal-Mart shelves: 9

Percent of the unsafe toys recalled in the U.S. in 2007, including Thomas the Tank Engine, that were made in China: 100

Number of months a Chinese factory worker would need to work to earn the cost of a Thomas the Tank Engine train set: 6

50/50

Every week, we hold a 50/50 drawing for money or prizes at our regular Rotary Meetings. But, our "prize closet" is dwindling.

Look around - does your business have something to donate for the consolation prize? If not, a donation of a gift card to Wawa or another favorite spot would be appreciated.

GREAT ROTARIAN?!

Know someone who would make a great Rotarian? Bring them to a meeting!

REGISTER TAPES

Jack has been working hard to collect register tapes for Rotary ... for YEARS! Keep bringing them in!

In June, we will have completed 12 years of the Acme Register Tape Program. As the tapes come in, Jack submits the receipts and a check, generated from Acme's Home Office, is mailed directly to the Rotary Foundation.

Thank you all for your support!
